Mumbai-400088

15 APR 2005

Project: HAZIRA LNG AND PORT PROJECT – P8010/04/HAZ

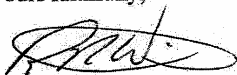

TO WHOM IT MAY CONCERN

Gemini Power Hydraulics Pvt.Ltd have performed hydraulic tensioining and torquing on the Shell Hazira Port LNG Terminal project.also machining of various size flange faces.

We have found Gemini to be professional in all their activities and prompt to act in any situation. Their workforce is very knowledgeable with regard to their duties and equipment.

We would not hesitate to employ them again and we recommend them to any future clients.

Yours faithfully,

Richie Wise,
Testing Manager,
Hazira Cryogenic Engineering & Construction Management Private
Limited.
